Hi Bonnie,
you've got mail!
Come and check
them out!

We haven't featured the editor's column for a while and everyone got some fan mail.

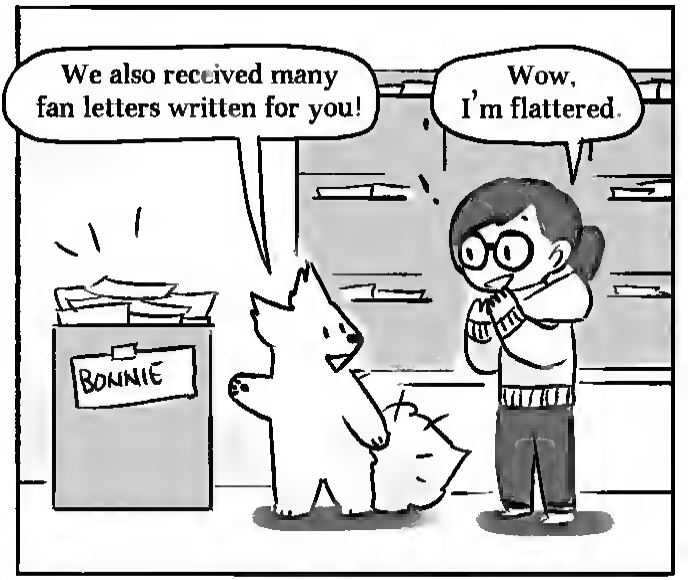
Woah



We also received many fan letters written for you!
Wow, I'm flattered.
BONNIE

Maybe I should add a regular "ask RSJ" feature ...

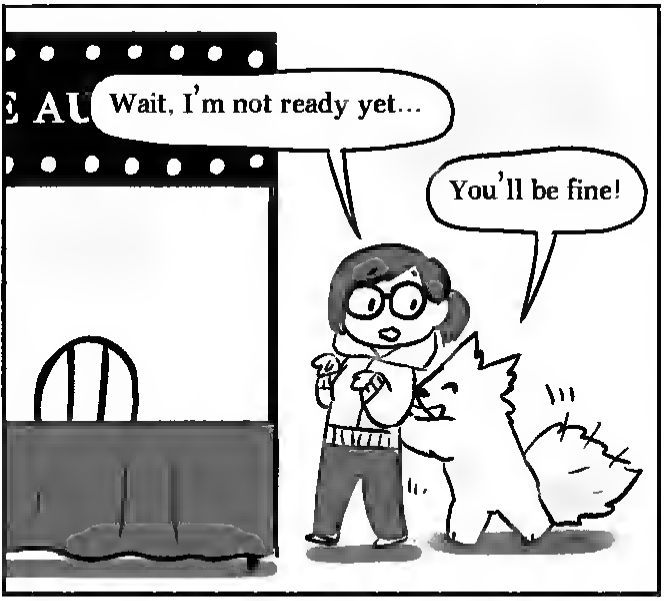
Cats!
Dogs.
Cats!!
Dogs...
Hmph, let's ask the author!

What are you guys yelling about?
Bonnie! You like cats more, right?
Manners, Leo

Well, we were just having a friendly debate about our author's preferences...
...simply put, are you a cat or a dog person?
Speak English, Doglas!
I can't understand you

Um...I like both cats and dogs.
it's such a sensitive question
No no no, you must choose one!
I have an idea...

Let's make a booth to ask the author!
ASK THE AUTHOR!
Bonnie can answer questions from us and fans when she is in the booth!



Wait, I'm not ready yet...
You'll be fine!

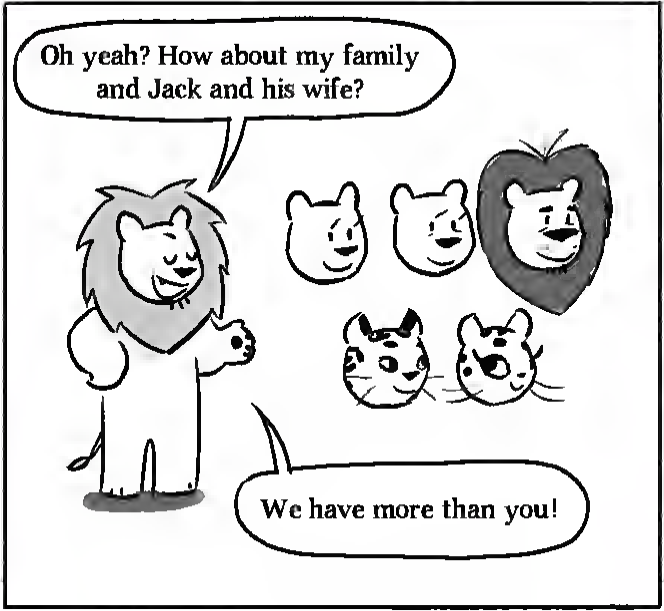
ASK THE AUTHOR!
There you go!

Let's ask away!
Me first!
Cat or dog person?

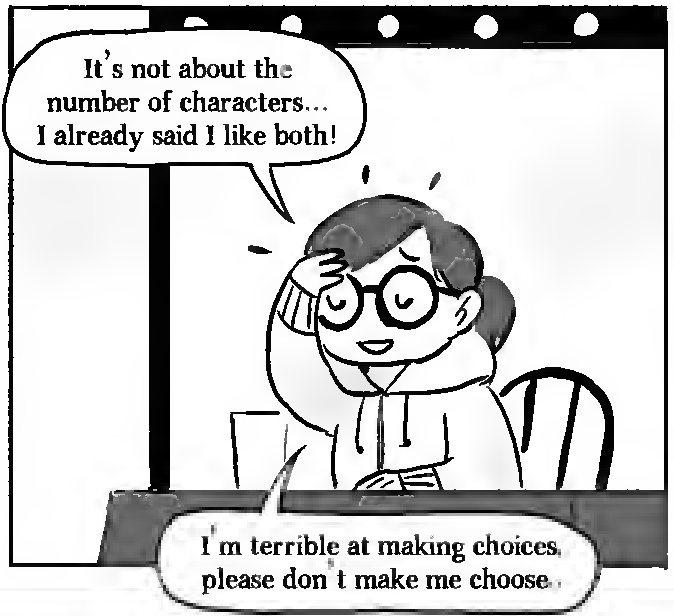
We have 3 cats and only 1 dog at Roar Street Journal, so you must like cats more!
We win!

It's true, but you guys are big cats, not house cats...
meow

And we have
Mr. Big Black Wulf too.
more dog
characters



Oh yeah? How about my family and Jack and his wife?
We have more than you!

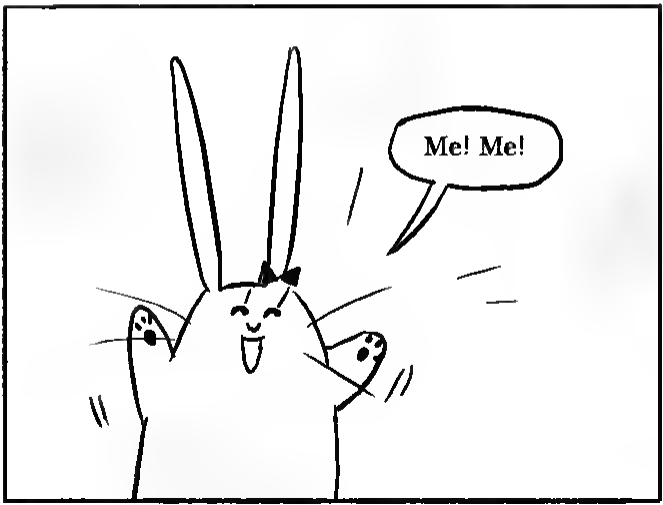


It's not about the number of characters... I already said I like both!
I'm terrible at making choices, please don't make me choose.

So how about horses? Do you like them?
Yeah, I like horses very much!
I'm born in the year of horse.
Oops, I shouldn't expose my age...
I think they are majestic creatures!

See? It's not just about cats and dogs! Horses too!
SK THE
Yeah, yeah. Let's go to the next topic.

Next question!



So, our dear author...

...do you have a boyfriend?

...it's a secret.
cough
cough
Aww, come on!
Tell us Bonnie!

Tiffany, we should respect our author's privacy.

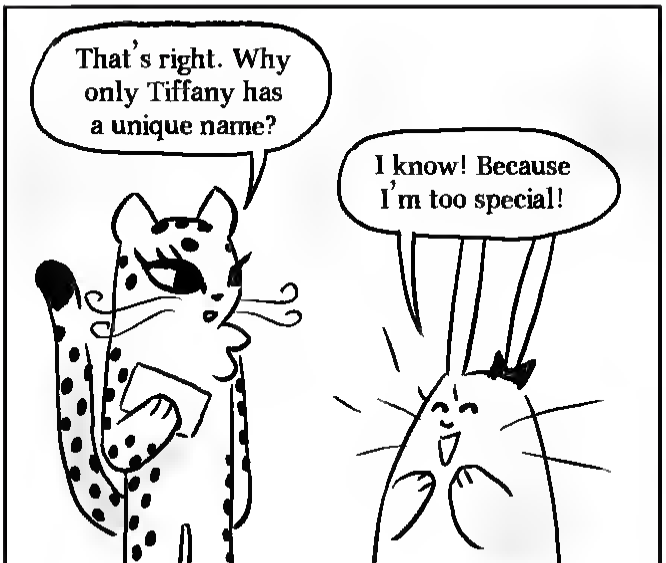
But we are a slice of life comic! I care about Bonnie's life to!

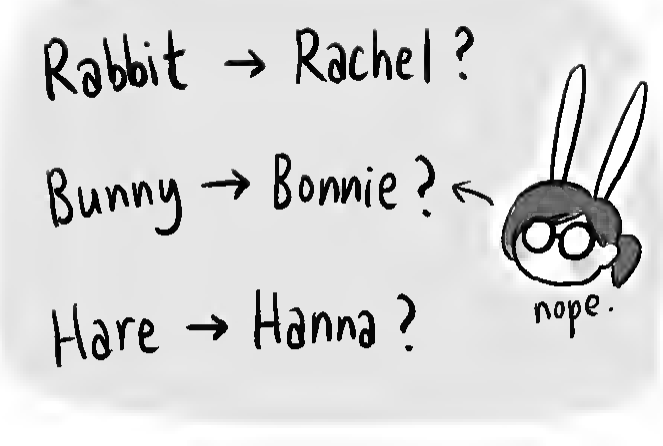
TammyRose
a lion named leo, a tortis named tortis, an alligator named allie, a giraffe named giraffiel a pig named pigkles an elephant named elephunk a fox named foxy a horse named horsie a cheetah named cheetah babe and so on and so on...and there we tiffany.



That's right. Why only Tiffany has a unique name?
I know! Because I'm too special!

I don't believe it...

Well, I didn't know it should be a rabbit, bunny or hare, so it's hard to think of a name.



Rabbit → Rachel?
Bunny → Bonnie?
Hare → Hanna?
nope.

or...

Rabbit-B?

Bunny-R?

Hare-B?

Rabbit-H?

Rabbit-B-Hare?

I also know someone called Tiffany who reminds me of a rabbit.

Let's find out who it is on pawbook!
I bet it must be a pretty girl!
